

Though, the entire Kuwait was experiencing the nature's fury of a massive, thick, black sand storm, never seen before by many people living in Kuwait on 25th March 2011, IEI Science club & ladies wing valedictory function began at 6.30 PM at Carmel School Auditorium, Khaitan, Kuwait with a solemn prayer.

As the chief guest of the day Mr. Narasimha Rao, Consular, Indian Embassy could not make it to the function due to the bad stormy weather with zero visibility and with his permission Dr. Rumane Abdul Razaack, Ex Chairman, IEI presided over the function. The guests were welcomed by the tiny tots by presenting a bouquet to all the dignitaries on the stage. The programme was inaugurated by lighting of the lamp by Dr. Rumane Abdul Razaack, Ex Chairman, IEI, Er. Syed Masih Hyder Zeidi, Chairman, IEI, Er. Joseph Panicker, Ex-officio chairman, Er. Sushant Chakravarty, Ex-officio Secretary and Er. Sara Jarvis, Ladies wing representative. Er. Syed Masih Hyder Zeidi, Chairman, IEI welcomed the august gathering who had reached the venue before the storm could strike.

The president requested Dr. Rumane Abdul Razaack to release the SPANDAN 2011 a book composed by the children of IEI Science club members on various scientific articles. Dr. Rumane Abdul Razak addressed the children to bring out the SPANDAN booklet as an annual event so that it provides an opportunity for the young children to write scientific articles and helps in developing their creative skills. He also mentioned that children should organize events where children from other schools could be participate in IEI science club events and compete with them.

Mr. Andrew Panicker, Science Club member presented the report of the year's events elegantly and listed the various programmes organized by IEI Science club to its members to provide a platform to it young budding professional and bring out the talent and creativity in them.

This was followed by the cultural programme by our IEI science club members. A skit "A journey through the world of discoveries" presented by IEI science club members depicted the different stories behind the famous inventions by the Scientists. Sir Issca Newton, Mr. Benjamin Franklin, Dr. Kellogs, Archimedes were brought to life once again on the stage by the skit by the children Pavithra Palani Kumar, Pavan Palanikumar, Akshatha Ilangovan, Fatima manasi, Hussian, Astrid Jeralad, Viswanatha Jayaraman, Siddhant Jain, Paromitha Chakarvarthy, Pooja Gopikumar, Anna Mary Antonis, Anjula Mary Antonis, Sathwick Ramprasad . The Science Skit was directed by Mrs. Sujatha Elangovan and Scripted by Akshatha Ilangovan. The Skit was enjoyed by parents of the IEI Science club members.

The little stars of IEI science club thrilled the audience by their electricity dance, which was choreographed by Mrs. Anamika Chakarvarty and Ms. Paromita Chakarvarty and performed by Supraja Gopi, Diata Jeralad, Pavan PalaniKumar, Rohan Rohit. It was followed by an exciting dance by senior girls, choreographed by Ms. Paromita Chakarvarty and performed by Pavithra Palani Kumar, Pooja Gopi, Riya Joshi. Another Skit which was choreographed by Mrs. Gulati and scripted by Manik and Simiran Gaur could not be displayed as the members were not able to reach the venue because of the massive sand storm.

There was a power point presentation by science club members Ms. Anna Mary Antonis George and Ms. Anjula Mary Antonis George highlighting the working of household appliances the Burglar Alarm and the T.V remote, which were crisp and clear.

Er. Javis Jerald, Secretary of IEI Science Club and Ladies wing proposed vote of thanks. This was followed by dinner. The program was beautifully compeered by the twin sisters Ms. Anjula Mary Antonis George and Ms. Ann Mary Antonis George.

By the end of the program, the Sandy Storm subsided and people who attended the function could reach their homes safely.
